Members Attending: Mike Hranac, Vicky Hranac, Luis Urritia, Karen Narus, Sal Palazzollo, Ed Riemenschneider

*

*

* Mike Hranac reported on Firewise Mitigation Forum & Tiger Lily dead tree removal * Tracking Sheet: reviewed for old and new issues, no a * Gopher Update: severe in corridor between schools, disc golf will be checked after it's mown. Scheduled for 6/25/18. * FOD update: ACHD still has not cleared the application for license * GF update: Junipers will stay, be weeded, best low maintenance, low water solution for that area. * Hwy 21 Monument update: 9-12 perennials plus bulbs will be added to the monument either this week or next. * Horse Shoe Pits by Recreation Center were brought up. Maintain or Remove? Whose department, Rec Center or L&M? * Michael Addis, Director of Operations for Aloha reports that someone in our neighborhood is shutting off flow controls, which is causing landscaping to not get watered, potential for damage. This entails opening the valve box, twisting and closing flow controls. Stops watering.
